There was a fair degree of activity in Bocks to-day, but the market was rather icregular. mey of prices was upward. All the Coal interests feel the effect of the properous condition of that trade. There was an about trade of the properous condition of that State Stocks, and prices a second tendency. Railroad Bonde were in re-

The Exchange market closed without animation at 934 @1044 for Sterling, with a fair supply of good bills on the market at 10 per cent. France 5.17/2 25.15. The recent large transactions in Securities for the English market, together with the activity in Cotton, must create a good supply of bills for the next steamer.

Freights are not firm, but there is a fair quantity of produce offering. To Liverpool engagements were made of 500 bales Cotton at ½ \$5.32d; 5,000 or 6,060 bbls. Flour at 12d. \$214d; 10,000 bushels Wheat, part 4d. To London 4,000 bbls. Flour and Turpentine on private terms, and 1,000 bbls. Flour at 18d.

The decision of the Controller in relation to Canal Certificates has had but little effect in Wall-st. The notes of the Banks having these Certificates in deposit are taken as freely as those of other Banks. It is not certain that the Attorney General will consider it his duty to take any steps in regard to these Banks, and we understand that the Superintendent of the Bank Department, although he will decline to receive any more of these Certificates as security for bank issues, has decided not to disturb those which are already deposited. Par was offered at the Board to-day for Revenue Certificates, and a leading capitalist expressed a willingness

The Steamer brought large orders for American Securities, principally the best descriptions of Railroad Bonds. We heard of purchases of about \$500,000 of these Bonds today, of which Messrs Winslow, Lanier & Co. sold \$350,000, including two parcels of \$100,000, and \$150,000 respectively. There were also some sales of State Stocks to go abroad. The private letters by the steamer speak of an active market for American Stocks. The market had been cleared of Virginia 6s, at 100, which is an advance. There was a good inquiry in London for Railroad

Bonds for the Continent. In Paris there was a more active demand for money, in consequence of the wants of the Railroad Companies, which reached 200 millions. They were issuing bonds bearing 5 P cent. interest, with a small bonus, and the surplus money was being invested in this way.

The Pacific Bank has declared a semiannual dividend of 4 P cent., payable on the 1st prox. The Imports of the week are light, gen-

Thompson's Bank Note Reporter says: Thompson's Bank Note Reporter says:
The passage of the "Homestead" bill through the
House of Representatives by a large majority will
probably precipitate on the market an over stock of
Warrants, while at the same time the demand will
probably fall off—hence all dealers will "hold up" and
prices may be affected. We do not believe that the
Senate will act upon the House's bill at this session, but
Washington legislation is very uncertain, and it may be
pushed through. We quote Warrants as being worth

They are both in the hands o men who have long enjoyed the confidence of the pub lie. In this commendation we would particularly point to Edward J. Tinkham, of the Marine Bank, and N. H. Ridgeley, of Clark's Exchange Bank. We were among the foremost in urging upon Illinois a system of Free Banking, and we feel an interest in the success of every legitimate Bank. The Sonora Gold Mining Company, whose organization we noticed a few weeks since, have, within the past week, shipped their stampwork, etc., for San Francisco per clipper Flying Cloud, which sailed yesterday afternoon. They have also sent out duplicate parts of their steam engine, so that no delay will take place in case of accident when working. We are informed that the machinery sent out by this company is the heaviest and most complete ever shipped to California for mining purposes, and the result of their operations will be looked for with interest.

The whole amount of the Company's liabilities, including the capital stock, loans and obligations of every kind, was, on the lat of January last, \$7,338,345 34. The arrears of interest, with the exception of a few thousand dollars, have been funded, and the past due loans have been so generally extended as to leave but a very small P centage to come in. The report congratulates the stockholders upon the sound and healthy condition of the Company's finances.

The Boston Journal says:

Substantial dividend-paying Stocks are in good request. Bonds of the best rank were firmer. Money is quite as plentiful as last quoted. Some of the Banks are taking short paper at 5 \$\psi\$ cent. FLOUR AND MEAL—Our market for Western and State Flour is again easier, not from present receipts, but from large prospective arrivals. The inferior grades are in fair damad at the decline. The p ivate advices by the Canada are quite conflicting. Prices are not lower, but the general tone of the market was less browant, and less confidence in prices being sustained. A better demand may be noted for export at the decline. Canadian is heavy, but not active, and less freely offered. Sales of 800 bbls. at \$4 00.0\$\frac{1}{2}\$\frac{1}

mand at 156 lec. for Ohio and Western New-York, and 200 25 for Orange County and Long Island. Choese is more saleble at 63 %.

HAY.—The market is well stecked; sales of 2,200 bales for shirping at 65 27%.

FISH is less active; prices are steady; 2,000 quintals dry Cod sole at \$4.25; St George's Bank is held at 54.37; 1,000 bbis. Massachusetts Mackerel sold at 10 20 10 2c. for No. 1; Herriers are teactive.

COFFEE is dull, but prices are without change; 500 bags Rio sold at 19 20 2c. and a few at 10c.; 400 Laguayra at 9;c.; 500 Maracabo at 92c, and 1,000 St. Denningo a: 74 20 4c.

LEATHER is active and advancing; 1,000 sides middle weights Herriock Sole sold in one parcel at 16c., at which the market is very firm, and some houses are asking 16jc. for very prime. The receipts increase, but are not equal to the demand. Rough is in better demand at 19 219c.

HIDEN are scarce; only 12,000 compose the whole stock, and there are no Buenos Ayres. A lot of 5,000 Rio Grande, just arrived, is offering at 1cc.; 6,000 Oronocos sold at 134c.; The Africans have all been sunt to Salsm. The stocks at neighboring markets are also low, and without good assortment. The falling off in the supply of Hides is distressing the Leather trade, by compelling them to resort to inferior Hides instead of the best.

MOLASSES are active; 500 hhds. Clayed Cuba sold at 17 26 c.; 300 bbis. New-Orleans at 20 250 Porto Rico at 22 250 30c.; 300 bbis. New-Orleans at 20 250 Porto Rico at 22 250 30c.; 300 bbis. New-Orleans at 20 250 Porto Rico at 25 250 30c.; and 1,000 hhds. Cuba Muscovado at 24 25 30c.

RICE, is steady at 24 125 for good qualities. 500 therese sold at \$3.50764 12.

Linsed is steady, for immediate delivery at 61c. cash for whole purcels, at which 10,000 bbis. sold; and from store at 65c.; and to arrive purcels are selling at 61; 2526.

DRUGS—The market is very dull. The only sales we have to rote are 15 cases Gream Tartar at 174c.; 5 cases French Madder at 134c.; 20 do. Dutch Madder at 9c., and 5 cases Tartary Optium.

LIME—The market is dull, two cargoes sold on private terms, supposed at a reduction.

LATHS—The market is very active; 4,000,000 changed lands at \$2.25.

LUMBER is in good demand at \$15 for good lengths, and \$14 for common Spruce and Pine.

HOPS—45 bales have been sold at 24c.@25c. The market is very dull.

INDIGO is in fair demand; 10 cases Manilla at 70c.; 5 do. Bengal, \$1 05.

PHILADELPHIA MARKETS-Friday, May PHILADELPHIA MARKETS—Friday, May 14—COTTON is generally held above the views of buyers. Sales of 200/2300 bales Upland and New-Orleans, at 9-2-1/2. The Bark is dull and not inquired after. There is no new feature to present in the FLOUR market. There is but little inquiry for shipment, and only 500 bbls standard brands have been disposed of at \$4 25 p barrel. There is a moderate inquiry for city communition at \$4 25 up to \$5 50. In RYF FLOUR and CORN MEAL to change. Small sales of the former at \$3 25, and the latter at \$3 12\frac{1}{2} P barrel. The receipts of WHEAT continue very small, but the demand has fallen eff. Sales of prime Southern Red sold at 97 cents per bushel, and White at \$1 02, which is a decline. RYE is wanted at 75 cents. CORN is in steady demand at former rates. Sales of \$0,000 bushels Pennsylvania Yellow at 64 cents, affoat. OATS are scarce: \$1.00 bushels Pennsylvaria at 45 cents per bush. In GROCKRIES and PROVISIONS there is no change. In WOOL there is not much doing, and but little stock here to operate in. WHISKY is dull. Small sales at 21 cents, in both hids, and barrels.

NEW-ORLEANS, May 13.—COTTOM—Sales to-day barely 1,000 bales. The market is unsettled, and the effect of the Canada's news still undeveloped.
